MESSAGE

It is my great pleasure to welcome you all to the “4th edition of the World congress of Cardiac imaging & Clinical cardiology (WCCICC-2025) to be held on 10th-12th October 2025, hotel Lalit Residency, Mumbai “through Advanced Multimodality Imaging. We are gathered here with a shared vision to explore, advance and ultimately transform the future of cardiology.

This congress brings together world-renowned experts, pioneering researchers and dedicated healthcare professionals from across the globe.

Our agenda is ambitious, as we aim to push the boundaries of cardiac medicines through the latest advancements in imaging modalities. By improving our diagnostic precision and deepening our understanding of cardiac function and structure, we strive to better prevent, diagnose and treat heart disease.

Over the next three days, we will engage in rigorous discussions & innovative presentations. Together, we will explore how multimodality imaging can empower clinical decisions, guide complex interventions and ultimately improve patient outcomes. This event is a testament to the power of collaboration and shared expertise in tackling one of the world’s leading health challenges.

We are excited to announce the arrival of Madhya Pradesh’s first cyclotron, equipped with a facility for ammonia as well as new cardiac PET tracers production with our facility. This cutting-edge technology will significantly enhance diagnostic and therapeutic capabilities within the region, especially in advanced cardiac imaging through PET scans.

With the in-house production of ammonia, we can offer precise, timely, and efficient diagnostic services for cardiac patients, reducing dependency on external sources. This advancement marks a new era in healthcare for Madhya Pradesh bringing us closer to world-class standard in nuclear medicine and patient care.

I encourage each of you to connect, learn and contribute to the ever-evolving field of cardiology. May this congress inspire new ideas, foster meaningful partnerships, and leave a lasting impact on our practice and our patients.

Welcome and let us embark on this journey together.

Dr. Vinod Bhandari

National Patron-in-Chief,
WCCICC-2025

Founder Chairman, Sri Aurobindo University &
Sri Aurobindo Institute of Medical Sciences, Indore
VRM Molecular and Nuclear Medicines Pvt. Ltd., Indore
Bhandari Group of Hospitals and Institutions, Indore (M.P.)

MESSAGE

Esteemed members and friends,

It takes immense pleasure and honor to extend a warm invitation to the 4th edition of the World congress of Cardiac Imaging & Clinical Cardiology (WCCICC-2025) to be held on 10th-12th October 2025 at Hotel Lalit Residency, Sahar, Mumbai. This academic fiesta to be organised by World congress will assemble scientists and scholars across India and globe who will exchange their expertise and invaluable thoughts in the era of evidence based on the Clinical Cardiology and Imaging Practices. Moreover, these academic sessions will definitely enhance the knowledge and skills of Cardiologists, Physicians, Radiologists and others for the better understanding of clinical judgment which will have relevant implications for an improved outcome in the field of various Interventional and Non-Interventional Cardiac Procedures. Friends, Great Learning comes from Experience, "Experience comes through mistakes and bad decision". Decision making is more important than actually performing the procedure and surgical skills.

Under the theme of "Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging" the executive body and the members of the congress are leaving no stones unturned to organize this gala event in the leading manner.

On behalf of the Organising Committee, I would request all to participate in the scientific festival to contribute your productive opinions in the voluminous manner and to make the conference a grand success.

Dr. Pradip Kumar Deb

National Patron-in-Chief,
WCCICC-2025

MESSAGE

It is my pleasure and honor to extend a warm welcome to the 4th edition of the World congress of cardiac imaging & clinical cardiology (WCCICC-2025) to be held on 10th-12th October 2025, hotel Lalit Residency, Sahar, Mumbai. This World congress will bring together scientists and specialists from all parts of India and across the globe who will share their experience and expertise in this era of evidence based clinical cardiology and imaging practice. Additionally, this world congress will train younger cardiologists, physicians, radiologists to develop state-of-the-art skills and clinical judgment which will translate to better outcome of various interventional and non-interventional cardiac procedures.

Friends, Great Learning comes from Experience, “Experience comes through mistakes and bad decision”. Decision making is more important than actually performing the procedure and surgical skills.

The theme of the congress is “Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging”.

The executive body of the congress is leaving no stones unturned to organize this mega event in the best way possible.

I, on behalf of the organizing committee, invite you all to attend this world congress to make this scientific feast a grand success and memorable one.

Yours Sincerely

Dr Amal Kumar Banerjee

National Patron-in-Chief,

MESSAGE

Dear Colleagues,

It is a great pleasure and honor to welcome you to the 4th edition of the World Congress of Cardiac Imaging & Clinical Cardiology (WCCICC-2025) to be held on 10th-12th October, 2025, at the Hotel Lalit Residency, Sahar, Mumbai. This World Congress will bring together scientists and specialists from all parts of India and across the globe who will exchange their expertise and invaluable views in this era of evidence based clinical cardiology and imaging practice. Additionally, this World Congress proposes to train budding cardiologists, physicians, radiologists and other medical personnel to enhance their skills and clinical judgment, which will have valuable implications on the outcome of various interventional and non-interventional cardiac procedures. The theme of the Congress is “Enhancing Potential of Clinical & Interventional Cardiology by Advanced Multimodality Imaging”. These World Congresses are the brainchild of renowned cardiologist and Nuclear Imaging expert Dr. Girijanandan Mahapatra and this Congress will be presided by none other than Dr. Ashwin Mehta whom I have known for over 50 years when we both worked together as Senior Registrars under Dr. K.K. Datey at the King Edward Memorial Hospital in Mumbai. The executive body of the Congress is leaving no stones unturned to organize this mega event in the best way possible. Once again, on behalf of the members of the Organizing Committee I would request all to attend in large numbers and make this Congress a grand success and memorable event.

Sincerely,

Dr. Navin C. Nanda

MESSAGE

Dear colleagues,

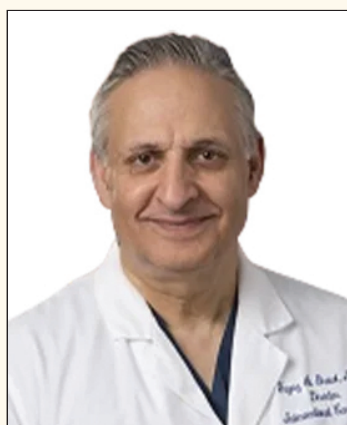

It gives me great pleasure to extend a warm invitation to the 4th edition of the World Congress of Cardiac Imaging & Clinical Cardiology (WCCICC-2025) to be held from October 10-12, 2025, at the Hotel Lalit Residency, Mumbai. The World Congress will bring together scientists and specialists from all parts of India and internationally who will exchange their expertise views in this era of evidence-based clinical cardiology and imaging practice, and will train cardiologist, physician, radiologist students alike to develop clinical judgment and investigation. The theme of the forthcoming Congress is "Enhancing Potential of Clinical & Interventional Cardiology by Advanced Multimodality Imaging."

The executive body of the Congress is leaving no stones unturned to organize this event in the best way possible. On behalf of the members of the organizing committee I would urge all to attend this event and help our efforts to make this Congress a grand success and memorable.

Yours Sincerely

Dr. Jagat Narula

International Chair, Scientific committee,
WCCICC-2025

Dear colleagues,

It gives me great pleasure and honor to extend a warm invitation to the 4th edition of the World congress of cardiac imaging . & clinical cardiology (WCCICC-2025) to be held on 10th-12th October 2025, hotel I-alit Residency, Sahar, Murnbai. This World congress will bring together scientists and specialists from all parts of India and across the globe who will exchange their expertise and invaluable views in this era of evidence based clinical cardiology and imaging practice. Additionally this world congress will definitely train more and more cardiologists, physicians, radiologists and others to develop better skill and clinical judgment which will have valuable implications on the outcome of various interventional and non-interventional cardiac procedures.

Friends, Great Learning comes from Experience, Experience comes through mistakes and trade decisions". Decision making is more important than actually performing the procedure and surgical skills.

The theme of the con-gress rs "Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging".

The executive body of the congress is leaving no stones unturned to organize this mega event in the best way possible.

Once again on behalf of the members of the organizing committee I would request all to attend this world event in large numbers and at the same time to make this congress a grand success and memorable learning point.

Dr. Fayaz Shawl

International Chairs, Scientific committee,
WCCICC-2025

MESSAGE

Dear colleagues,

It is a great pleasure and honour indeed for me to welcome all the delegates & organizing committee of 4th World Congress of Cardiac Imaging & clinical cardiology (WCCICC-2025) to be held on 10th-12th October 2025, hotel Lalit Residency, Sahar, Mumbai.

Dr. G.N. Mahapatra, Executive President has already initiated his unique work plan for the forthcoming WCCICC-2025. I am sure that his skill, devotion, dedication and dynamism will add a lot of laurels to the organizing and scientific programme. I am sure the deliberations of this conference will evolve and crystallize new guidelines for CVD Protection and create advances in newer strategies of the patient care, thereby reducing morbidity and mortality. The faculty of eminence and international repute from India and abroad will enhance the image of this conference.

The theme of the congress is “Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging”.

I wish WCCICC-2025 great success under the dynamic leadership of International President, Dr. Navin C. Nanda, National President Dr. AB. Mehta, National Patrons in Chief, National Patrons, Scientific Committee including , Dr. Jagat Narula, Dr. P.C. Manoria, Dr. K.K. Sethi, Dr. E. Prabhu, Secretary General, and various other members of the organizing committee. They will add lots of innovations and creativity to enhance the standards at a global level.

The executive body of the congress is leaving no stones unturned to organize this mega event in the best way possible.

I assure you that the memories of this scientific feast at Mumbai will be a long lasting one and enjoyable with state of art scientific feast in cardiology.

Albert Einstein once said

“Learn from yesterday, live for today, hope for tomorrow.

The important thing is not to stop questioning what is new.”

"Look deep into nature, and then you will understand everything better”

Dr. H.K. Chopra

National Chief Advisor

MESSAGE

Dear esteemed colleagues/friends,

On behalf of the members of the organizing & scientific committees, it gives me great pleasure and honour to extend once again a warm invitation to the 4th edition of the World congress of cardiac imaging & clinical cardiology (WCCICC-2025) to held on 10th-12th October 2025 at hotel Lalit Residency, Sahar, Mumbai.

Building on our invaluable experience at the 3rd edition of WCCICC in October 2023, the 4th edition promises to be bigger, better and more engaging than ever and we look forward to unprecedented participation on your side to witness this unique world class event having rich scientific agenda in all aspect of cardiovascular diseases such as clinical cardiology, interventional cardiology, various useful technologies, imaging technologies of non-invasive & invasive, heart failure with preserved EF and reduced EF (HFpEF & HFrEF), valvular heart disease, cardiac devices, high risk angioplasty, CABG including cardiac transplantation, cardio-diabetology preventive cardiology. There will be a live workshop on 2D echocardiography and ECG interpretation. Apart from these scientific events, we will have a Certification course for 3 days from 8am-10am for postgraduate students in medicine, cardiology & imaging, which will be accredited by Maharashtra Medical Council (MMC) for obtaining useful credit points. You all will be happy to note that the PG track session has been arranged during these 3 days of the congress by experienced esteemed teachers in the field of cardiology & cardiac imaging.

I am pleased to inform you that complimentary accommodation on twin sharing basis on first cum first serve as limited residential seats are available for certification course & PG track session. Over 40 eminent international speakers will be interacting in various fields of cardiology with their counterparts to arrive at a common consensus to deliver the ideal line of diagnosis and treatment for our cardiac patients. You all will be happy to know the release of our 4th textbook of Clinical Cardiology & cardiac Imaging update-2025 during the congress and the same will be distributed to all participants.

Besides these extensive tiring scientific interactions, I am sure every participant would certainly experience the nice blend of fun, entertainment and fine dining.

The theme of the congress is “Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging”.

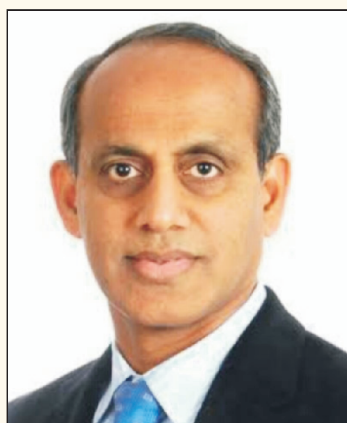

The success of any large sized meeting depends on early confirmation of participation. Hence I take this liberty of requesting you all to register early by clicking the appropriate link mentioned in the website <http:wccicc2025.com>

I on behalf of the members of the organizing committee assure you all that the memories of this important attendance of yours here in Mumbai will be a memorable event forever.

A handwritten signature in black ink, appearing to read 'G. N. Mahapatra'.

MESSAGE

Dear colleagues,

It is an immense pleasure to invite you to a great world class academic event in the name of the 4th edition of World congress on cardiac imaging & clinical cardiology (WCCICC-2025) being organized here in the vibrant city of Mumbai starting from 10th-12th October 2025 at hotel Lalit Residency.

The World Congress brings various eminent specialists and scientists from India and abroad to exchange their valuable ideas in clinical cardiology and cardiac imaging. There are certification courses and PG track sessions which are new attractions added to this 4th edition of the world congress. Additionally this world congress will definitely train more & more cardiologists, physicians, radiologists and doctors from other specialties to develop better skill and clinical judgment which will have valuable implications on the outcome of various interventional & non interventional cardiac procedures.

The organizing committee including me as an additional secretary general will leave no stone unturned to organize this mega event in such a way that it will be a unique memory in every attendee's mind.

Once again I would request all to attend this world cardiology event by doing an early registration to make this congress a grand success and memorable learning point.

Once again on behalf of the members of the organizing committee I humbly request all aspirants and masters in these fields to attend in large numbers and make this congress a grand success and memorable learning.

Sincerely

Dr. Naman Shastri

Additional Secretary General,
WCCICC-2025

MESSAGE

Dear Esteemed Colleagues,

Mumbai will glow again with the fourth world congress on cardiac imaging and clinical cardiology scheduled to be held at Hotel Lalit, Mumbai w.e.f. 10th - 12th October 2025. The WCCICC-2025 promises to be a unique academic extravaganza.

Medical science is a rapidly advancing field and yesterday's facts may become matter for the archives to store and today's facts may not find agreement with experts of tomorrow. Continuing medical education is therefore an integral part of the medical profession.

The conference will cover diverse aspects of cardiology with current and futuristic approaches. Panel discussions, debates, interactive sessions, quiz and hot topics in various fields are scintillating attractions of the conference. The featured faculties are leaders in their own field with national and international reputation and the format will allow considerable interaction with the faculty. I am sure the scientific programme will attract the medical fraternity from diverse fields.

A galaxy of speakers from different parts of the globe will be addressing current issues in cardiac imaging and clinical cardiology. I am sure the delegates will enjoy the flashes of their expertise during their discourse.

On behalf of the scientific committee, I have great pleasure in inviting you to actively participate in this conference.

The recent technological advances have no doubt greatly facilitated the delineation of various diseases and also reduced the risk during interventions but most of these procedures are costly and beyond the reach of a common man. Attention should therefore be paid on economics of treatment also so that health care does not remain the preserve of few and fruits of research are distributed to those who need it the most irrespective of their financial status.

Mumbai, the commercial capital of India and heart of the Bollywood film industry awaits for your gracious presence.

I am sure the deliberations of the conference will contribute towards better patient care.

A handwritten signature in black ink, consisting of a stylized 'P' followed by a horizontal line.

Dr. (Prof.) P. C. Manoria

National Chairman, Scientific Committee,
WCCICC-2025

MESSAGE

Dear colleagues,

It gives me great pleasure and honor to extend a warm invitation to the 4th edition of the World congress of cardiac imaging & clinical cardiology (WCCICC-2025) to be held on 10th-12th October 2025, Hotel Lalit Residency, Sahar, Mumbai. This congress will bring together scientists and specialists from all parts of India and across the globe who will exchange their expertise and invaluable views in this era of evidence based clinical cardiology and imaging. Additionally this would help to integrate Clinical Cardiologists, Interventional Cardiologists, Cardiac Imaging Specialists as well as Cardiac Surgeons in the frame of teamwork to improve quality of decision making and ultimate outcomes.

Great Learning comes from Experience, “Experience comes through mistakes and bad decisions”. Decision making is more important than actually performing the procedure or having surgical skills. Keeping this motto in view, the theme of the congress has been chosen as “Enhancing Potential of Clinical & Interventional Cardiology by advanced Multimodality Imaging”.

I am confident the attendees would gain significantly from the deliberations of this meeting, which the organizers are striving hard to make a memorable event.

I wish everyone success.

Sincerely

MESSAGE

Dear Colleagues,

With immense pleasure I take this opportunity to congratulate you and your organizing team of the WCCICC 2025 in an amazing manner. We have witnessed the great minds in the field of Cardiovascular Sciences converge every alternate year to participate in the WCCICCs. We have also witnessed how we have progressed from evaluation and quantification of the heart in terms of structure, function and their relevance in Clinical Medicine. This has helped us to learn the nuances in the Science and Art of Cardiology from the doyens in this field. They have indeed dedicated themselves to uncover the mysteries of the heart directly when they interact with all of us in the WCCICCs.

Your relentless hard work to give us back to back WCCICCs and providing a global platform for making our knowledge getting more and more refined needs to be abundantly appreciated. We can also appreciate how the experts address from all over, address their clinical challenges in their own way and share their experience with us without inhibition. Thus the knowledge about Cardiovascular Sciences is advancing further by one more step, every time we attend the WCCICC. I am sure this edition also will be able to inspire us to further refine our knowledge and skills till 2025 and beyond.

Best Wishes to you and your team.

Regards and respects,

Dr. E. Prabhu

Qualifications MD

Designation Head of the Medical Department II - Cardiology and Angiology of the Sana Hospitals Lübeck. As a modern competence center, the Department of Cardiology and Angiology offers highly specialized medical services in addition to cardiological care. In addition, Sana Hospitals Lübeck cooperates closely with the University Hospital of Schleswig-Holstein.

Name Prof Michal Vrablik, Czech Republic

Qualifications M.D., Ph. D.

Designation Professor of Internal Medicine at the 1st Faculty of Medicine, Charles University in Prague, the Czech Republic. His main interests include preventive cardiology, clinical lipidology, and genetics of lipoprotein metabolism disorders

Name Paul Knaapen, Amsterdam

Qualifications MD

Designation Interventional Cardiologist and Professor VU Medical Centre, Amsterdam, Netherlands

INTERNATIONAL FACULTY

Name Thair Khuzeim , UAE
Qualifications MD
Designation Consultant Interventional Cardiologist Fujairah Hospital EHS
University of Mosul

Name Klaus Parhofer, Germany
Qualifications MD
Designation Professor of Endocrinology and Metabolism at the University in
Munich, Germany

Name Karthik Ananthasubramaniam, USA
Qualifications MD FACC FASE FASNC FSCCT FSCMR FRCP
Designation Professor of Medicine, Wayne State University, USA
Director, Echocardiography
Henry Ford West Bloomfield Hospital

Name Cigdem Akincioglu, Canada
Qualifications MD
Designation Associate Professor, Department of Medical Imaging, Western
University. Canada

Name Felix Keng, Singapore
Qualifications MD
Designation Senior Consultant with the Department of Cardiology and the
Director of Nuclear Cardiology at the National Heart Centre
Singapore

Name Charis Antoniadis, UK
Qualifications MD
Designation Director, Acute Multidisciplinary imaging & interventional
center, John Radcliffe hospital Oxford,UK

Name Amal Kumar Chaudhary, Bangladesh
Qualifications MD
Designation Senior Consultant Cardiologist
National Institute of Cardiovascular Diseases (NICVD), Dhaka

SCIENTIFIC HIGHLIGHTS

CARDIAC IMAGING

ECHO CARDIOGRAPHY

- How to obtain best views?
- How to obtain best 2D, 3D and basics of doppler measurements?
- Coronary Imaging by Echo Cardiography
- Strain imaging; physical principles and clinical application
- Contribution of echo in heart failure and CAD
- Understanding systolic and diastolic functions
- Latest advances in echo
- Pediatric echo quiz
- Comprehensive assessment of valvular lesions and how to manage discrepant data in valvular heart disease\
- Echo's role in pre and post CRT
- TEE in Pediatric practice
- Echo in ASD
- Echo evaluation of Tetralogy of Fallot
- Applications of 3D Echo Cardiography in India
- Session on Cardio Myopathies
 - RCM Indian Perspective
 - HCM
 - Non Compaction Cardio Myopathies
- Case Presentation Sessions

NUCLEAR & PET-CT

- Evaluation of patients presenting with chest pain to emergency department
- Reduction of radiation dose for myocardial perfusion imaging
- Pharmacological stress perfusion imaging
- Evaluation of myocardial viability
- Molecular Cardiovascular Imaging: State-of-the-art and future directions
- Cardiovascular PET imaging: State-of-the-art
- Cardiac dys-synchrony imaging
- Long-term follow up of patients with CAD: Optimal use of imaging modalities
- Incidental non-cardiac abnormalities on myocardial perfusion imaging

- Nuclear imaging techniques for the detection and follow up of patients with cardiac amyloidosis, sarcoidosis, myocarditis and infective endocarditis.
- Quantitative myocardial blood flow assessment: Is this ready for prime time?
- Patient centric multi-modality imaging: Evolving concepts in cardiac imaging.
- PET MRI the new frontier in ischemia and viability imaging
- Infiltrative heart disease: sarcoid, amyloid
- Dyssynchrony
- Imaging the right ventricle
- Heart failure
- Viability testing
- PET versus SPECT for myocardial perfusion imaging
- Multimodality Imaging for Cardiac Sarcoid
- New Developments in Nuclear cardiology
- Imaging Myocardial Blood Flow (SPECT, PET, CT, MR)
- Need of multi modality imaging including Nuclear, PET, MRI, CT, echocardiography, energy imaging etc.

CT & MRI

- MR Physics and techniques
- MR Anatomy and CT Anatomy Valvular and functional evaluation, Aorta
- MRI Myocardial viability and cardiomyopathy
- Comparison catheter angio vs CT Angio
- Role of MRI in Evaluation of Congenital Heart Disease
- MRI and Electro anatomic mapping use in the EP lab
- Imaging in viability, what's new! role of hybrid imaging
- FFR by Coronary CTA
- Case studies : Read with experts

CLINICAL CARDIOLOGY

- PCSK9 inhibitors: The next wonder drug after statins for lipid management.
- Fighting the Devil of stroke in atrial fibrillation: The new weapons in the armory.
- The nuances of Ambulatory BP monitoring: Will it enter the clinics in Indians context.
- The polypill for secondary prevention is entering the cardiovascular field: Worldwide interest.

SCIENTIFIC HIGHLIGHTS (Contd.)

CLINICAL CARDIOLOGY (Contd.)

- 2015's Advances in ischemic stroke.
- The intricacies of fluid and electrolytes management in ICU.
- OSA: What the cardiologists should know ?
- New gadgets knocking at the door: Leadless pacemaker, Subcutaneous ICD, Wearable defibrillator.
- Weathering an Electrical Storm.
- Pharmaco-invasive approach in STEMI : Is it the way to go in India ?
- Focus on Cardio-oncology: Cancers that hurt the heart. What cardiologist needs to know ?
- Angiotensin Neprilysin inhibitor: An new blockbuster for heart failure.
- ICU radiology for intensivist: CXR, Ultrasound, Ct and MRI.
- Cardiac MRI: The most important diagnostic tool in 2015 and beyond.
- Is statin era over, PCSK-9 inhibitors
- Treatment of refractory hypertension
- Current role of CT Angio in screening and CAD prediction.
- Controversies to Consensus in Cardiology
- focusing on STEMI
- Hypertension
- Cardiometabolic disease valvular heart diseases heart failure
- Rheumatic heart disease
- Heart disease in pregnancy
- Peripheral vascular disorder including aortic diseases

INTERVENTIONAL CARDIOLOGY

- Bioresorbable vascular scaffolds: A new era has begun.
- Transcatheter mitral valve replacement: The next revolution after TAVI.
- Radial rising: the evitable evolution.
- Innovations in interventional cardiology: Mitraclip, TAVI, Parachute devices etc.
- Update in STEMI management, beyond D2, B time
- Status of TAVI for severe A S
- CTO Revascularization, medical therapy vs PCI.

INTERVENTIONAL CARDIOLOGY (Contd.)

- Transcatheter Aortic Valve Implantation (TAVI)
- Management Strategies During "High Risk" Coronary Intervention.

CARDIAC SURGERY

- TAVR: A boon for patients of valvular aortic stenosis in elderly.
- Transcatheter mitral valve replacement: The next revolution.
- CABG : Flash back and vision ahead.
- Advances in cardiac surgery in 21st Century.
- Robot-assisted minimally invasive CABG ?
- The nuances of redo bypass surgery.

SIZZLING DEBATES

- Multi-vessel coronary artery disease: CABG or multivessel PTCA is the way to go.
- Left main bifurcation disease: Is surgery still the way to go or it can be tackled with PTCA.
- Aortic Arch Aneurysms: Is Pure Endovascular Treatment the New Frontier ?

CARDIO-DIABETOLOGY

- SGLT2 inhibitors: The new CV risk modifying star on the horizon of T2DM.
- The great debate of diabetes in 2015: 1, 2 or 3 drugs for new onset T2DM.
- Measuring glycemia in diabetes from meters to monitors.
- Moving ahead in diabetes with insulin analogues and co-formulation ?

MISCELLANEOUS

- New Dimensions in Post Graduate Teaching Track 2017
- Joint Sessions in Cardiology with various national and international organizers
- Meet the world Legends in Cardiology
- Global Cardiology Jeopardy Quiz
- Research in Cardiology
- Creating Innovative Leadership initiatives in Cardiology and a special focus on ethical and medico legal issues in Cardiology

Under the auspices of : World Federation of Cardiac Imaging & Clinical Cardiology (WFCICC),
International Society of Cardiovascular Ultrasound (ISCU) & Nuclear Cardiological Society of India (NCSI)

4th World Congress on Cardiac Imaging & Clinical Cardiology

10th-12th October 2025 | Hotel Lalit Residency, Sahar Airport Road, Mumbai -59

REGISTRATION FORM

(Please fill in CAPITAL LETTERS)

Delegate Details : Prof. ☐ Dr. ☐ Mr. ☐ Mrs. ☐

First Name _____ Middle Name _____ Last Name _____

Institution _____ Department _____

Designation _____ Degree _____ Nationally _____

Name to appear on the badge _____

Membership / Fellowship with Society Name _____ PG Student ☐ Nurse / Technician ☐

Address _____

City _____ Pincode _____ State _____ Country _____

Mobile (Mandatory) _____ Phone _____ Fax _____

e-mail _____

Accompanying Person's Details

Title _____ First Name _____ Last Name _____

Choice of Food : Vegetarian ☐ Non Vegetarian ☐ Jain ☐ Healthy Alternative ☐

Any other special facility you need in the venue : _____

Registration Type

☐ Residential Registration : 2 Nights 3 Days (10th to 12th October 2025)

☐ Residential Registration Fee : 3 Nights 4 Days (9th to 12th October 2025)

Non Residential : ☐ Member in Other Society ☐ Accompanying Person ☐ PG Student ☐ Family Physician

☐ **Registration for Certificate Course** (No need of Congress Registration)

(Age Limit 45 years, First come first served basis, Limited seats available)

☐ Industry Professional ☐ Nurse / Technician ☐ SAARC Natiaol Delegate ☐ Overseas Delegate

Total Amount (in word) _____

Mode of Payment : Cheque / Demand Draft in favour of "WCCICC 2019" payable at Mumbai

Cheque / Demand Draft No. _____ Dated _____ Amount _____

Drawn on Bank _____

Date _____ Signature _____

DELEGATES REGISTRATION DETAILS

We warmly invite all delegates to register for WCCICC 2025 through our official

website: www.wccicc2025.com

To register, please visit the Registration Page on our website and complete the process conveniently.

Payment Options :

The following payment methods are available at our secure payment gateway: -

NEFT (National Electronic Funds Transfer)

Internet Banking

Credit Cards

Debit Cards

We look forward to your participation in making *WCCICC 2025* a grand success!

Bank Details :

Branch : Indian Bank, Marol, Andheri East, Mumbai - 400059.

Name : WCCICC-2019

Acc No : 50415425681

IFSC Code : IDIB000M238

WCCICC
2025 ■ MUMBAI

Under the auspices of: World Federation of Cardiac Imaging & Clinical Cardiology (WFCICC),
International Society of Cardiovascular Ultrasound (ISCU) & Nuclear Cardiological Society of India (NCSI)

4th World Congress on Cardiac Imaging & Clinical Cardiology

10th-12th October 2025 | Hotel Lalit Residency Sahar Airport Road Mumbai -59

REGISTER NOW

HURRY UP!!

DON'T MISS THE OPPORTUNITY TO AVAIL THE

CERTIFICATION COURSE & PG TRACK SESSION

DISCOUNTED PRICE OF RS. 6000/- ONLY

payable to **WCCICC -2019** through this enclosed account transfer online details to avail early bird

Doctor registering for "Certification Course & PG Track Session" will get all the course material

(No need of Congress Registration)

(Age limit 50 years | First come first serve basis | Limited seats available)

BANK DETAILS

Branch : Indian Bank, Marol,
Andheri East

10th-12th October 2025 | Hotel Lalit Residency Sahar Airport Road Mumbai -59

CALL FOR ABSTRACTS

TOP 3 abstract presentations
will be awarded **CASH PRIZE**

Present your paper with best in the world.

ABSTRACT CATEGORIES

1. Nuclear Imaging	10. Hypertension
2. PET Cardiac Study	11. Coronary Angioplasty
3. Echocardiography	12. Arrhythmia & Pacing
4. MRI Imaging	13. Cardiac Resynchronization
5. Coronary CT	14. Cardiac Surgery
6. Coronary Angiography	15. Cardiomyopathy
7. Basic Science / Instrumentation	16. Heart Failure
8. Clinical Cardiology	17. Cardiometabolism
9. Interventional Cardiology	18. Lipids
19. Intravascular Cardiac imaging like IVUS & OCT	

Click on the link bit.ly/wcciccabstract to submit your abstracts
or direct email to mahpatrag@rediffmail.com / mahpatrag@gmail.com

LAST DATE OF SUBMISSION OF ABSTRACT IS 31ST MARCH 2025

KEY HIGHLIGHTS

- INTERNATIONAL & NATIONAL GUEST LECTURES ON VARIOUS HOT TOPICS
 - CLINICAL CARDIOLOGY
 - CARDIAC IMAGING
 - 2D ECHO
 - NUCLEAR, PET, MRI, CT,
 - CARDIO - DIABETOLOGY
 - PREVENTIVE CARDIOLOGY
 - INTERVENTIONAL CARDIOLOGY
 - CARDIAC SURGERY & CARDIAC TRANSPLANTATION
- USEFUL LEARNING POINTS FROM VARIOUS SYMPOSIA
- USEFUL PANEL DISCUSSION ON HOT TOPICS
- HOT DEBATES
- CONTROVERSIES
- FREE PAPER AWARD SESSION BY YOUNG PRESENTORS
- CERTIFICATE COURSE IN CARDIAC IMAGING & CLINICAL CARDIOLOGY APPROVED BY MMC
- PG TRACK SESSION IN CARDIAC IMAGING & CLINICAL CARDIOLOGY
- CHALLENGING CASE PRESENTATION, CLINICAL QUIZ
- CONGRESS CREDIT POINTS ACCREDITED BY MAHARASHTRA MEDICAL COUNCIL
- TO HAVE 4TH TEXT BOOK OF CARDIAC IMAGE UPDATE - 2025 & MANY MORE ACTIVITIES
